

# About Us

At JT Solutions we consider ourselves part of your IT team, ready to solve all your IT problems quickly and correctly. As a small business ourselves, we deeply understand the importance of trouble-free IT to small businesses. That's why we respond promptly to every service request and work hard to keep your IT infrastructure up and running, smoothly and securely. Our clientele includes dental offices, law offices, real estate offices, financial offices, wholesalers, machine shops, non-profit organizations, and many other types of small businesses. Let us take the headaches out of all your IT issues!

JT Solutions was founded in 2012 by Jimmy Tran, a veteran IT specialist who believed that small businesses deserved excellent customer support and superior technical knowledge when addressing their IT problems. Today, JT Solutions' team of engineers and service professionals (Microsoft Server and Exchange certified) stand ready to assist you in all areas of your IT needs.

Helping you succeed through superlative customer service and proven technical expertise.

Based in Milpitas California, we're located in the heart of Silicon Valley. We serve the entire Bay Area and many other cities of Northern California.
