## What Janet's Clients Say:

*"Thank you so much for speaking to our club the other day about Feng Shui. It was an enjoyable talk and I know that I learned much about Feng Shui that I didn't know before. The interaction with our club including questions and answers was quite enjoyable and I thought the power point presentation was quite informative. I think Rotary clubs throughout the area would benefit from your interesting and well developed presentation."*

Bruce Lyons, San Francisco Greater Mission Rotary

*"We enjoyed your presentation. The topic you provided was very good preview for a more thorough and extensive study in Asian Astrology and Feng Shui. We really find the use of charts fascinating and would be a good follow up topic for your next presentation if that is possible at all. Your examples were compelling and very informative. It would be wonderful to be able to read charts and be able to predict who, what, where, or when in your decision making. Thanks for sharing and we hope to hear from you again."*

Robert Jocson, San Francisco Rotary Club West
